

8-DAY ADVENTURE

SVEA GLACIER

Svalbard

Immerse yourself in the remote isolation of the Svalbard wilderness; the silence broken only by the far off thundercracks of calving glacial ice. Spend a week amidst floating icebergs, setting up camp on the shores of the Svea Glacier, a land dominated by its four legged inhabitants; arctic fox, reindeer and elusive polar bears. The rich variety of arctic flora and fauna forms a decorative blanket across the otherwise barren tundra whilst in the ocean, icebergs and drift ice create a daily puzzle as you explore the depths of the bay and the glacier that stands guard over it. Either by boat or on foot this strange and fascinating world delights, as day melts seamlessly into the glow of the midnight sun and you take turns to sit on bear watch.

TRIP HIGHLIGHTS

- Spend a week camping under the midnight sun in the Svalbard wilderness

TRIP INFORMATION

DIFFICULTY

This is the easiest of our trips to Svalbard, having a set base there is lots of scope for flexibility when it comes to distances travelled per day. With the benefit of a set camp, you will be able to bring a larger bag and therefore bring thicker layers and more clothes with you to increase your comfort levels. However, although the kayaking and hiking is not highly demanding, we have rated this trip as level 4 due to the non-stop nature of any adventure in Svalbard.

In good weather adventuring around the glacier can feel easy but if you encounter strong winds, rain or freezing conditions, it could feel very difficult indeed. As well as kayaking and hiking you will also be assisting with cooking, loading and unloading kayaks, fetching water and taking turns on "bear watch". There are no porters, cooks or waiters on this trip, you are part of the team and must do your share of the work. Although this makes the adventure more demanding, it also adds to the enormous sense of satisfaction and achievement at the end of your journey.

We are camping in the wilderness where there is the possibility of polar bears roaming near the camp. A member of the team must be on "bear watch" at all times day and night and this is normally done in rotating 2 hour shifts. As it never goes dark in Svalbard in the summer months, some people may find it difficult to sleep.

If you have any questions about your suitability for this trip or would like more specific information about what to expect, please do not hesitate to contact us.

FOOD & DRINK

This trip includes full board meals except for nights spent in Longyearbyen when meals are at your own expense. There is a range of restaurants to choose from in Longyearbyen or the hotel restaurant is also very good.

Despite the lack of fresh fruits and vegetables in the arctic regions we are proud of the varied, fresh and frankly delicious food we provide even when camping. Because everything we need for the 8 day expedition must be carried with us in our kayaks, we are limited on what we can carry and must choose our ingredients carefully. Fresh produce is used nearer the start of the trip with the more basic foodstuffs such as pasta and rice used towards the end. In the evenings you can expect dishes of quinoa, lentils, salmon fillets, tofu and reindeer. Some evening meals will be vegetarian and we will carry as much fresh veg as possible. There will also be deserts of fruit yogurt, cake or chocolate.

For breakfast there is a choice of cereals, bread, chocolate spread, jam, honey and plenty of tea and coffee. Lunches are comprised of soup, noodles, bread, local "kaviar", Norwegian brown cheese and cold cuts. If you would like to bring along some snacks for in-between meals there is space to do so.

Please let us know about any dietary requirements when you book the trip and we will work with you to cater for your needs.

ACCOMMODATION

LONGYEARBYEN: Warm, comfortable, guesthouse accommodation in twin rooms. Shared bathroom and kitchen facilities with heating and hot water. Although these aren't en-suite, there are plenty of bathrooms available per floor of the accommodation and these are modern facilities kept to an extremely high cleanliness. There is also a bar and restaurant serving simple dishes available on premises and it is roughly a 10 minute walk into the town.

CAMPING: We provide a 3 man dome tent per 2 people, an insulated sleeping mat and a synthetic sleeping bag. For our expeditions we use light equipment which is appropriate for Svalbard's winter conditions. We will also provide a spacious mess tent for meal times, fully equipped with kitchen equipment. Please be aware that our adventures in Svalbard involve full participation. You are joining an arctic expedition and will need to do your share of the work, this will include pitching tents, fetching water and preparing meals. There are no porters or chefs up here in the frozen north, this is adventure in its purest form.

At all times while camping in Svalbard, there is the possibility of polar bears roaming near the camp. "Bear watch" is shared amongst everyone in the group in 2 hour shifts. Your guide will provide instruction on what to do if you see a bear and how to use the flare guns provided.

TOILETS: In Longyearbyen your accommodation will have flushing toilets. Whilst camping the toilet situation will be a little less luxurious. It is a case of finding somewhere hidden, away from camp or the path and digging a hole. You will be provided with a flare gun whilst away from camp to protect you from polar bears. We can guarantee it will be the most scenic, exciting toilet break you've ever had! Please remember to bring toilet roll.

HOW DO I GET THERE?

To reach Longyearbyen, there are direct flights from Oslo (3 hr journey) provided by SAS and Norwegian Airlines. Although they are direct, the flight will land in Tromsø on Norway's west coast and you will be asked to disembark to go through the Svalbard immigration before re-embarking on the plane once more and continuing your journey. This means that you will be flying at a low altitude when passing over the jaw dropping Lofoten islands. If you wish to get a birds eye view of these out of the plane window then make sure to be seated on the left hand side of the plane for both the outgoing and return flight. Direct flights do not operate every day of the week so you may also need to spend a night in Oslo before continuing your journey the next day.

To reach Oslo from the UK, there are direct flights with British Airways from Heathrow and Norwegian Airlines have direct flights from Gatwick and Edinburgh. SAS have direct flights from Manchester.

If you are travelling from the US, SAS operate direct flights to Oslo from New York. From the west coast there are good flight options with Air France, KLM and Lufthansa.

If you are changing airlines or re-checking your luggage at an airport on route, please ensure you leave a minimum of 3 hours between flights. This will account for any delays on arrival, travel time across airports (this can take longer than you think) and time taken to re-check baggage.

Travelling Responsibly

Here at Kandoo, we like to support our guests to make their travel more sustainable. As of 2025, we are offsetting the carbon on all of our trips from your arrival in destination to drop off at the airport. As we don't include flight travel in our trips these aren't included in our offsetting calculations, so we are providing you with the calculator below for you to do this yourselves.

BUDGET & CHANGE

The currency in Svalbard is the Norwegian Krona (NOK). For the latest exchange rates please visit www.xe.com

Please be aware that Svalbard is nearly cash free due to the absence of banks. Payments are made with credit or debit cards so it is important you take a card with you for any incidental purchases. Please inform your card provider that you intend to travel to Svalbard (Norway) before departure, this will ensure that your card continues to work properly while overseas. A lunch in Longyearbyen will cost you roughly £20 (265 NOK) and dinner will be £30 (350 NOK). Therefore, our recommended guidance for spending budget in the Svalbard would be roughly **£100-150** (1300-2000 NOK) on top of any tips, to give you ample souvenir spending money.

TIPS

Tipping customs vary all over the world and can be very confusing when travelling to a new country. Tipping in Svalbard is always appreciated, however it is not obligatory and should be left to the discretion of each individual. If you are satisfied with your guide's services we recommend a tip between **350-450 NOK per person (equivalent to £30-40 per person)**. On the other hand, if you receive bad service or have not been treated well, you would not be expected to tip at all.
